Get a preview on the “LIFE&FUTURE” token Roadmap and future direction.

## *DEV TEAM.*

Meet the team behind the “LIFE&FUTURE” token project.

# INTRODUCTION.

Life & Future Token (LFT), launched in September 2021, is one of the fastest growing cryptocurrencies of its kind. 6% unique buy back to burn address. It is a decentralized platform to bridge the gap between cryptocurrency and fiat currency and to bring the benefits of the crypto world in our daily lives. Based on the Binance Smart Chain, it has 10x quicker block speed and lower gas cost. This token is establishing a new standard in DeFi Tokenomics with its innovative and game-changing token distribution strategy. LFT is intended to be held for a period of time, but it benefits investors during periods of anticipated cryptocurrency volatility. With a same tax system inside and outside the country, all price actions will result in the same rewards. Our Private Sale wallet locked for 1 year by Cryptexlock, LP token also locked by Cryptexlock for 1 year and LFT audited by Vanilla Pudding

## *LIFE & FUTURE TOKEN IS A MULTI PURPOSE TOKEN ( SMART TOKEN )*

- ❖ This multi-utility token can be used as a hassle-free money exchange from one part of the world to another. Users will not have to worry about any arbitrary limits or central repositories throughout the process.
- ❖ LFT as a money using BEP20 protocol which is fast for transaction, low fee in transaction and most importantly, security.
- ❖ LFT can be used in almost every industry. This is something that makes this cryptocurrency multi-utility. The list of industries which LFT can be used in includes but not limited to the following:
  1. Finance
  2. E-commerce
  3. Shopping
  4. Hotels
  5. Restaurants

In simple words, users will be able to use LFT to buy **ANYTHING**.

- ❖ LFT is also a smart token. It will **EVOLVE** to follow specified current news, new technologies and new crypto ecosystem
- ❖ For our holders, **LOYALTY PROGRAM** is created in order to reward them with BNB.

# *FUTURE PROJECTS.*

## **MARKET PLACE**

Buy , Sell and Trade Items and Services using crypto currency. We will build a platform for e-commerce, a marketplace where people can buy, sell, and trade daily items and services using cryptocurrency. LFT will be the alternate currency, besides fiat money.

## **DECENTRALIZED FINANCE (DeFi)**

Progress to future plan of DeFi project such as Yield Farming, Liquidity Pool and Decentralized Exchange simply by trading, staking and earning more token.

## **NON-FUNGIBLE TOKEN (NFT)**

Users may purchase and sell our unique NFTs.

## **WALLET**

Offers a simple interface where anyone can safely trade their cryptos with lowest rate and with minimum limits. Easy to use for everyone.

## **PLAY TO EARN**

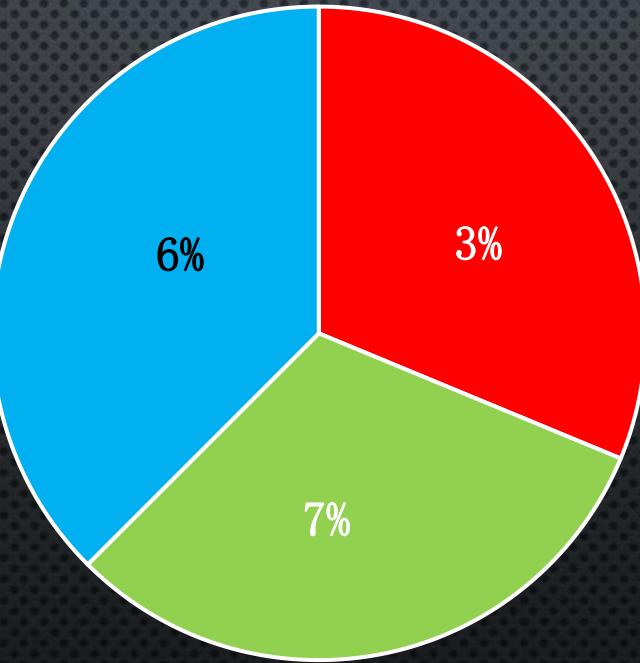

Create and build games to play while earn profit from it

# DISCLAIMER.

This communication is provided for information purposes only. This is not an offer to sell or solicitation of an offer to purchase any currency or token. This document does not constitute a prospectus nor offer document of any sort and is not intended to constitute an offer or solicitation of any investment or other product or service in any jurisdiction. This document does not constitute advice to purchase any Life&Future Token nor should it be relied upon in connection with any contract or purchasing decision, accounting, legal or tax advice, or investment recommendation. Throughout this whitepaper ("Whitepaper"), the use of the word "Life&Future", can refer interchangeably to either the Company (or any of its subsidiaries).

The purpose of the information contained in this Whitepaper is to summarise certain developments with respect to the Project which may be of interest to the recipient. The views expressed in this Whitepaper are the subjective views of the Life&Future Token Project personnel, based on information which is believed to be reliable and has been obtained from sources believed to be reliable, but no representation or warranty is made, expressed or implied, with respect to the fairness, correctness, accuracy, reasonableness or completeness of the information and opinions. Certain information contained in this Whitepaper constitutes forward-looking statements, which can be identified by the use of forward-looking terminology such as "may", "will", "should", "expect", "anticipate", "target", "project", "estimate", "intend", "continue", "believe", or the negatives thereof or other variations thereon or comparable terminology. The information contained in this Whitepaper is current as of the date indicated in it. The project as envisaged in this Whitepaper is under development and is being constantly updated, including but not limited to key governance and technical features. The token (as described in this Whitepaper) involves and relates to the development and use of experimental platforms (software) and technologies that may not come to fruition or achieve the objectives specified in this Whitepaper. If and when the platform is completed, it may differ significantly from the platform set out in this Whitepaper. No representation or warranty is given as to the achievement or reasonableness of any plans, future projections or prospects. Nothing in this document is or should be relied upon as a promise or representation as to the future. You must read this Whitepaper and any other documents as designated by the Life&Future TOKEN Project before making any decision to purchase Life & Future Tokens. The following is applicable:

This Whitepaper and its subject matter have not been and will not be registered under any legal or regulatory regime, nor have they been reviewed or approved by any regulatory authority. This document is not a prospectus nor a solicitation for investment. This document does not pertain to an offering of securities in any jurisdiction. Under no circumstances does this Whitepaper or any other materials constitute an offer or solicitation in any jurisdiction in which such offer, solicitation, or sale would be unlawful.

Our team have worked hard to provide as much information and detail about the offering as possible. This is to ensure that new investors are able to get all the important information on our product. We have written this Whitepaper in a more understandable manner with the main emphasis on providing the relevant information about our product, technology and our future vision. Our goal is for our product to be accessible to everyone including the general public, therefore we have simplified areas within the document and provided further detailed explanations on how this works. Please note, although this may seem excessive, it is necessary for all newcomers to the crypto space to understand how everything works. \$Life&Future Token is not a security, you can buy without consulting your lawyer or financial adviser. This Whitepaper has been created to share and present our product to the world. It is your responsibility to read, understand and accept the terms of this Whitepaper. Before making any investment decision, we strongly advise you do your own research and encourage you to seek professional advice from a qualified financial service professional. We are here to advice on the \$Life&Future Token opportunity and like any financial investment there is also a risk of potential losses within the crypto trading space.
